## Harold Import and Helen's Asian Kitchen Introduce Steaming Rings

MARCH 16, 2007 — Helen Chen introduces a great new way to use your 10" or 12" bamboo steamer with any stock pot.

The 11" and 13" steaming rings are easy to use. Simply place the Steaming Ring over an uncovered stock pot or Dutch oven. Add water to the pot, then place one or both tiers of a bamboo steamer on top.

"I created this innovative Steaming Ring to allow the bamboo steamer to be used directly on an uncovered stock pot or Dutch oven instead of in a wok."  
— Helen Chen

Other benefits:

- Turns any large sauce pan or stock pot into a steamer
- Frees up your wok or stir fry pan for cooking so you can stir fry and steam simultaneously
- Prevents having to boil water in a seasoned carbon steel wok which strips away the hard-earned non-stick patina
- Stock pots hold more water than woks resulting in fewer refills
- Neighboring burners remain unobstructed from the wide edge of a wok
