HIC Dishes It Up

HIC — Harold Import Company presents an individual-serving sized pie plate like their ever popular 10" porcelain pie plate. The individual dish measures 5" x 1-5/8" deep, giving plenty of room for both sweet and savory fillings.

Made from glazed, fine-white porcelain, the dish is oven, microwave, broiler, freezer, and dishwasher safe. Excellent for baking and serving individually sized sweet and savory pies, pot pies, quiches, and tarts. The rim has square dimples all around for that traditional pie crust shape.
