## **Get a Grip First there was the Silicone Mitten...Now, HIC Introduces The Silicone Glove!**

FEBRUARY 1, 2010

The innovative Silicone Pot Glove offers triple-layer protection and heat resistance up to 600°F. Its sturdy-yet-pliable 100% food-grade silicone construction is flexible enough for users to get a firm grip on pots, pans, baking dishes, and even hot potatoes, safely and easily. With 4 fingers and an opposable thumb, the Silicone Pot Glove is the evolved choice for both right- and left-handed users and is perfect for use in both the professional and home kitchen.

SRP - \$9.99
